

Add Recycling Label to Print Design

A Cleaner World Starts With Us

How2Recycle® is a standardized labeling system that clearly communicates recycling instructions to the public. It involves a coalition of forward thinking brands who want their packaging to be recycled and are empowering consumers through smart packaging labels. (www.how2recycle.info).

Clear View Bag is a member of the Sustainable Packaging Coalition (SPC). As a member of the SPC, we are afforded the opportunity to market the labeling system that we can manufacture for clients. A sample of the type of label is above. If you have interest in adding the labeling system to your bags, please let us know and we can help advise on the path to take or visit www.how2recycle.info/join. A company needs to be members of How2Recycle® in order to use the label on their branded products.
